Gen2 Ambiance

OTIS

GEN2 AMBIANCE

Another room in your building

Gen2 Ambiance is pure, simple and intuitive. Sophisticated lighting and quality materials compliment your building's design — creating another room in your building. A designer achieves perfection not when there is nothing left to add, but rather, when there is nothing to take away.

Designed to differentiate

NATURAL AMBIANCE

The natural ambiance package features wood, stone and leather materials for creating contemporary designs, inspired by architectural movements. These are complemented by smooth accents, including rounded corners, handrails, and optional, matching ceiling light.

MODERN AMBIANCE

The modern ambiance package features metallic and glossy textures that bring high-tech style and timeless design together. The palette is enhanced by sharp forms, which are seen in the squared corners, handrails, and optional, matching ceiling light.

Remarkable design variations

Choose between a wide range of materials and colours. From puristic cabs to high sophisticated eyecatchers — you will find what you are searching for.

Natural Ambiance

Inspired by 21st century architectural movements, Natural ambiance creates a harmonious connection among the elevator, hallways and lobby. Natural materials like wood, stone and leather are combined into a minimalistic design. Vertical lighting in the cab interior is nested along curved corners. Materials, textures and lighting combinations express natural beauty.

Modern Ambiance

Timeless design is energized with modern materials to create a hi-tech experience. Sharp forms enhance metallic and glossy textures. Dark, anodized decorative elements contrast with vertical lighting. Simple designs, efficient results.

Extraordinary customer experience

A TRUSTED GLOBAL PARTNER

+ SALES SERVICES

For every project, you have a dedicated sales representative taking care of your project. Our team will be here to answer your questions from the start of your project until final hand-off.

+ FIELD SERVICES

Every project is unique. That's why you'll have a single field contact at Otis throughout the entirety of your project. They will help with coordination to make your project faster and more efficient.

A COMMITMENT TO EXCEPTIONAL SERVICE

+ OTIS REMOTE SERVICE

With this premium option, dedicated engineers remotely monitor your equipment data in real time to prevent or resolve any problems as they arise. This ensures fewer service calls, accelerates response time and helps to dramatically reduce elevator downtime.

+ eSERVICE CUSTOMER PORTAL

The eService customer portal provides 24/7 remote access to Otis systems, simplifying elevator management and monitoring. It allows users to view performance data, place service calls. The simple interface is compatible with computers, tablets and mobile operating systems.

Solutions in motion

The new Gen2 family of elevators blend convenience, style and performance to deliver a new passenger experience that adds value to any residential, commercial, hospitality, medical or industrial building.

To learn more about our comprehensive family of Gen2 elevators visit www.otis.com

GEN2 STREAM

For demanding commercial and hospitality buildings, the Gen2 Stream elevator keeps passengers on the move.

GEN2 HEALTHCARE

Designed for hospitals and medical facilities, the Gen2 Healthcare elevator creates a comfortable environment that informs and soothes.

GEN2 LIFE

The heart of residential and commercial buildings, the Gen2 Life elevator moves tenants seamlessly through their days.

GEN2 ROBUSTA

In industrial settings, the Gen2 Robusta elevator reliably handles the transportation of materials, machinery and other forms of freight.

GENESIS

For social housing and modern living Genesis offers latest technology on a moderate cost level for a safely and sustainable transport.

GEN2 HOME

Built as a platform lift Gen2 Home provides a best class homelift experience without any compromises regarding ride quality and safety.

Otis Elevator Company is the world's leading manufacturer and maintainer of elevators, escalators and moving walkways.

Founded more than 160 years ago by the inventor of the safety elevator, Otis offers products and services through its companies in more than 200 countries and territories, and maintains approximately 2 million elevators and escalators world-wide. Every day, Otis moves more than 2 billion people through the world's urban landscapes.
